

Company: Beam Center

Position: Summer Program Instructor

Job Description: The Summer Program Instructor works as part of a team to develop and implement hands-on project-based curriculum with youth ages 14-15. This position works directly with teachers, supporting their professional development as they learn and implement a hands-on program designed by Beam Center that involves art, technology, and craft. The Summer Program Instructor will work with teachers and youth across several schools as they build projects, learn new skills, and make connections to related career paths. This person contributes collaboratively to the program design, helps lead professional development for teachers, helps teachers to create a positive and supportive learning environment for a population of multilingual students, and provides technical assistance. This position is also responsible for leading programming with teachers when required. The Summer Program Instructor reports directly to the Program Director.

Responsibilities:

- Learn and share with teachers a series a hands-on project arc designed by Beam Center
- Take an active role in developing project content and training materials with program team
- Train teachers on the tools, techniques and concepts needed for the project
- Support teachers (remotely and in-person) in implementing this program
- Support teachers and students in making program → real-world career connections
- Co-teach projects in schools to youth alongside teachers
- Work with teachers across multiple school sites
- Work as part of a highly collaborative team and communicate regularly with team members

Qualifications of strong candidates:

- A personal practice and technical expertise in one or more of the following: Digital Fabrication, Electronics, Coding (web-based and/or physical computing), AR, architecture & design, other manual craft and fabrication skills
- Experience teaching or otherwise working with youth
- Experience working with diverse populations, particularly English Language Learners (ELLs)
- Highly collaborative, able to ask questions, offer professional opinions, celebrate teamwork
- Highly independent, able to set and manage personal goals, expectations, and schedule
- Detail oriented with experience managing multi-faceted projects while meeting deadlines
- Clear and consistent communicator
- Curious, life-long learner

Employment Status: This is a part-time temporary position (up to 32 hours/week). Dates of employment are Monday, June 3rd - Friday, August 23, specific schedule TBD.

Compensation: This position is compensated at an hourly wage of \$27/hour.

Apply: Email cover letter and resume in one .pdf file to jobs@beamcenter.org

Hiring Timeline: Applications Due: ASAP - we will interview for this position on a rolling basis.
